

Visit From Preet Kaur Gill MP and Parliamentary Under-Secretary of State for Health Innovation and Safety

We were delighted to welcome Preet Kaur Gill MP to Shenley Fields Daycare and Nursery School yesterday (2.7.2026).

Our UNICEF Rights Respecting School Steering Group proudly shared a special book showcasing their learning about international aid, sustainability, climate change and recycling.

During her visit, Preet presented the children with their UNICEF Rights Respecting Schools certificates and medals, in recognition of their fantastic contributions to the UNICEF OutRight Campaign. The children were thrilled to celebrate their achievements and commitment to making a positive difference in the world.

Preet also spent time with the children in our allotment, helping to water the fruit and vegetables, before joining them for refreshments and conversation.

We are incredibly proud of our children for their enthusiasm, hard work and dedication to promoting children's rights, caring for the environment and helping others in our local and global community.
