

# ICT Workshops for Parents & Carers

## UNCRC Article 17:

I have the right to get information in lots of ways, as long as it's safe

Children should be able to access information they can understand on TV, radio, in books and newspapers and on the internet.

Governments should make sure children are protected from things that could harm them.

ICT plays an integral part in all our lives. Children are growing up surrounded by and becoming familiar with digital technology.

We will be holding ICT workshops for children and their families every morning on the week commencing Monday 3rd February - Friday 7th February 2025.

They will take place from 9.15am -10.15am

These workshops will also provide parents and carers with eSafety information and guidance.
